The Broomestix

Nine young men and a girl—The Broomestix are an R&B/Soul/Funk/Pop group out of the Nashville area; an exceptional group of musicians with a stand-out vocalist, whose sound engages their audiences with irresistible rhythms and provides a unique introduction to emerging, right-now talent. The Broomestix are already in demand as a cover band for corporate, public and private events, but increasingly their audiences seek the magic of their original music. Broomestix members all live within the creative aura of Music City, but their music is their own, taking inspiration from funk, soul and jazz icons way before their time. None of the members are over 18, and many are childhood friends. Young, yes they are. But skillful, exuberant talent has no limits. Enjoy the Broomestix, for an unforgettable musical experience.
